Summary

Results-driven MERN Stack Developer AI Enthusiast with strong problem-solving skills and experience in building scalable, user-friendly applications. Proficient in MongoDB, Express.js, React, Node.js, and JavaScript, with additional skills in AI-driven solutions, API integration, and database management. Passionate about writing clean, efficient code and leveraging modern technologies to solve complex challenges.

Skills

Programming Languages: JavaScript, C, C++, Java, Python

Front-end Technologies: React, Next.js, HTML, CSS, Tailwind CSS

Back-end Technologies: Node.js, Express.js

Database Technologies: MongoDB, Mongoose, MySQL

DevTools: Git, GitHub, VS Code, Postman

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming, Database Management System, Operating System, Computer Networks

Experience

Front End Web Development Intern

Aug 2025 – Oct 2025

Edunet Foundation – AICTE (Remote)

IBM SkillsBuild Program

- Completed a 6-week internship focused on **Front End Web Development**, leveraging the IBM SkillsBuild e-learning platform.
- Developed a project-based solution under mentor guidance, applying **HTML, CSS, JavaScript, and React** to solve real-world challenges.
- Gained hands-on exposure to modern front-end frameworks and best practices, including responsive design and component-based development.
- Collaborated in mentor-led sessions, improving technical problem-solving, project execution, and presentation skills.
- Earned an AICTE Edunet Foundation certification for successfully delivering the final project and completing the SkillsBuild learning plan.

Projects

ResumeWallah – AI-Powered Resume Builder | *MERN Stack, Tailwind, Gemini API, GitHub*

- Developed a full-stack application to build smart, customizable resumes with real-time previews and PDF export.
- Implemented authentication and CRUD operations using Node.js, Express.js, and MongoDB.
- Integrated **AI-powered content suggestions** via Gemini API to improve user experience and resume quality.
- Deployed on Vercel (frontend) and Render (backend) with continuous integration and responsive UI.

VitalityFolio – Modern Portfolio Website | *React, TypeScript, Tailwind, shadcn-ui, GitHub*

- Built a fast, responsive personal portfolio website with modular React components and TypeScript for maintainability.
- Implemented elegant UI with Tailwind CSS and shadcn-ui, ensuring clean design and accessibility.
- Deployed via Vercel, showcasing web projects and improving developer visibility.

Certifications

- **Oracle Cloud Infrastructure AI Foundations – Oracle (2025):** Completed 14 modules and 12 hours of training, earning certification in AI concepts, cloud services, machine learning basics, responsible AI practices, OCI tools, AI workflows, and model deployment.

Education

B.Tech in Computer Science and Engineering

2022 – 2026

Guru Gobind Singh Indraprastha University, New Delhi

CGPA: 8.6 / 10
